DESTINY AFRICA  
*A world of perfect moments*

CHARACTERISE GRACEFUL events with the historic elegance of a pure white tented venue. Of all the tent colours on offer from Tentickle, white is an obvious choice for wedding tents. A white tent also reflects external light and heat away, bringing greater comfort to your guests on a warm day and brightening the ambience in the evening.

TENTICKLE'S INTERIOR experience can easily contradict what you expect from the outside. Different tent fabrics combined with stretch décor and creative lighting instils a distinctive ambience for each occasion.

TENTICKLE TRIUMPHS where traditional PVC marquee tents dare not venture. Pitch a Tentickle canopy in almost any location for your purpose - to receive guests, serve refreshment or set the scene for an ideal photo opportunity.

WITHOUT LIMIT to tent size or shape, a Tentickle structure will provide shelter for everyone - in places where traditional marquee tents cannot work. Make use of otherwise unusable space or easily cover expanses larger than a football field. Tentickle stretch fabrics also connect easily and remain weatherproof for the comfort of thousands.

**IMPOSING EXTERNAL STRUCTURES** can reveal unexpectedly relaxed interiors that require no special draping. However large your tent seems from the outside, you can still create the most welcoming and intimate feeling for your guests inside.

THE MOST UNLIKELY PLACES can accommodate a Tenticle structure. Pitch your tent on slopes, over bumps or transform rooftops and boat decks into party tent venues. You can even site a Tenticle tent around normally impossible obstacles, like trees, ponds or swimming pools.

ESTABLISH SHADE wherever needed with multiple tent and canopy shapes in just the right location. You can use a mini canopy to provide a separate registration area or just offer a little rest from the elements.
